BrightSmile Dental — DocBot WhatsApp Booking Assistant
Effective date: August 15, 2026 | Last updated: August 15, 2026

This Privacy Policy explains how BrightSmile Dental ("we", "us", "our") collects, uses, stores, and protects information when you interact with our WhatsApp booking assistant, "DocBot" (the "Service"). By messaging our clinic's WhatsApp number, you agree to the practices described in this policy.

1. Information We Collect

When you message DocBot to book, reschedule, cancel, or ask about an appointment, we collect and store the following information:

- **Contact information:** your WhatsApp phone number and the name you provide for a booking.
- **Message content:** the text of messages you send to and receive from DocBot, including appointment requests, service preferences, and dates/times discussed.
- **Appointment details:** the service type, date, time, and status (pending, confirmed, cancelled, or completed) of any booking you make.

2. How We Use Your Information

We use the information collected solely to:

- Schedule, confirm, reschedule, and cancel your dental appointments.
- Send you appointment confirmations and reminders via WhatsApp.
- Answer questions about our clinic's hours, services, pricing, and location.
- Maintain accurate patient and scheduling records for clinic operations.

We do not use your information for advertising, and we do not sell or rent your personal information to third parties.

3. How We Share Your Information

We share limited information with the following third-party service providers, solely to operate the Service:

- **Meta / WhatsApp Business Platform:** to send and receive the messages that make up your conversation with DocBot.
- **Google Calendar:** to check appointment availability and create calendar events for confirmed bookings.
- **Cloud hosting and database providers:** to store appointment and conversation records securely.

- **AI language processing providers:** to interpret the intent of your messages (for example, recognizing that you want to book a cleaning next Tuesday). Only the message text needed to understand your request is processed; it is not used to train third-party models beyond standard API processing.

We do not share your information with any other third party except where required by law.

4. Data Retention

We retain your appointment and conversation records for as long as necessary to provide the Service and to maintain accurate clinical scheduling history, or until you request deletion as described in Section 6 below.

5. Data Security

We use industry-standard measures to protect your information, including encrypted connections (HTTPS/TLS) between our systems and third-party providers, and access-controlled database storage. However, no method of electronic transmission or storage is 100% secure, and we cannot guarantee absolute security.

6. Your Rights and Data Deletion

You may request access to, correction of, or deletion of your personal information at any time by contacting us using the details in Section 9. Upon a verified deletion request, we will remove your personal information from our active systems within a reasonable timeframe, except where we are required to retain certain records by law.

7. Children's Privacy

The Service is intended for use by adults booking dental appointments, including on behalf of minor dependents. We do not knowingly collect personal information directly from children through the Service.

8. Changes to This Policy

We may update this Privacy Policy from time to time. Changes will be posted at this URL with an updated "Last updated" date. Continued use of the Service after changes take effect constitutes acceptance of the revised policy.
